## Experience

COMPANY	Step Ahead Consulting		
CLIENT	DGAV		
FUNCTION	Full Stack Developer		
PROJECT	DGAV Candidaturas		
START DATE	01/2024	END DATE	04/2024

### **PROJECT SCOPE:**

DGAV Candidaturas is a project made to manage the submission of formularies which validates farmer's animals situation. In the back office we also have the management of users inside DGAV, that are separated by their roles. After the form submission, the information is validated by someone in the back office and the process is done.

### **PERFORMED FUNCTIONS:**

Full Stack Developer.

### **TECHNOLOGICAL ENVIRONMENT:**

C #, REST API, Interactive Server, Interactive WebAssembly, .Net Framework Core 8.0, Entity Framework Core, LINQ, Blazor App, Tailwind CSS, SQL Server, Azure DevOps, Git.

COMPANY	Step Ahead Consulting		
CLIENT	DGAV		
FUNCTION	Mobile Developer		
PROJECT	Jurista Virtual Mobile		
START DATE	04/2023	END DATE	06/2023

### **PROJECT SCOPE:**

Application developed for law workspace for DGAV, with the goal to automate a process state update and its validation. The application is meant to validate process following a hierarchy, the process comes from a police officer making a form about some incident and ends on the validation of a fine by the director.

### **PERFORMED FUNCTIONS:**

Mobile Developer.

### **TECHNOLOGICAL ENVIRONMENT:**

React Native, Azure DevOps, Git.

COMPANY	NinjaRMM		
FUNCTION	Full Stack Developer		
START DATE	09/2021	END DATE	12/2021

### **PROJECT SCOPE:**

At my last year in high school, I did an internship by Erasmus. I went to Berlin, Germany and work for a company called NinjaRMM, by the end of my internship it changed to NinjaOne. I worked for the marketing team collecting emails and phone numbers with webscrape and APIs. They needed a programmer because they had about 15 thousand leads to collect, which can't be done one by one. In the marketing workspace, they did not know much about programming, so I had to choose the best way to solve their problem on my own.

### **PERFORMED FUNCTIONS:**

Full Stack Developer.

### **TECHNOLOGICAL ENVIRONMENT:**

Python for webscrape and collecting leads data with APIs, email generator with HTML, CSS and JavaScript

<b>COMPANY</b>	Listo S.A
